AQUA AMERICA, INC. 401(K) AND PROFIT SHARING PLAN

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Administrators
Aqua America, Inc. 401(k) and Profit Sharing Plan

We have audited the accompanying statements of net assets available for benefits of the Aqua America, Inc. 401(k) and Profit Sharing Plan as of December 31, 2005 and 2004, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Aqua America, Inc. 401(k) and Profit Sharing Plan as of December 31, 2005 and 2004, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary schedules of assets (held at end of year) as of December 31, 2005 and reportable transactions, and delinquent participant contributions for the year ended December 31, 2005 are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplementary schedules are the responsibility of the Plan's management. The supplementary schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Notwithstanding the foregoing, the following are excluded: (i) bargaining unit employees unless their union contract provides for participation in the Plan, (ii) leased employees, (iii) nonresident aliens and (iv) persons performing services who are classified by the Company as other common law employees. If eligible, employees become participants in the Plan on the January 1, April 1, July 1, or October 1 coinciding with or next following the later of the completion of six months of service or the date the employee becomes a member of an eligible class of employees.

CONTRIBUTIONS

Participants may elect to contribute from 1% to 25% of their pretax compensation pursuant to a salary deferral election, up to a maximum of \$14,000 in 2005 and \$13,000 in 2004, which are partially matched by the Company. Participants may also invest from 1% to 10% of their after-tax compensation, which is not matched by the Company. Additionally, participants who are age 50 or who will attain age 50 prior to the end of the plan year may make an additional deferral contribution ("Catch-Up"), provided the participant made the maximum amount of deferral contributions permitted under the Plan. The maximum amount of allowable catch-up contribution for 2005 and 2004 is \$4,000 and \$3,000, respectively. Participants may also make transfers between funds or suspend their contributions at any time, and may contribute amounts representing distributions from other qualified defined benefit or contribution plans ("Rollovers").

The Plan provides for employer contributions as follows:

Employer Matching Contributions

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2005 AND 2004

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

CONTRIBUTIONS (CONTINUED)

Discretionary Contributions

The Company may make additional discretionary contributions to the Plan for the benefit of active participants. Discretionary contributions will be allocated to active participant accounts on a pro-rated basis based on each participant's compensation compared to the compensation of all active participants. This discretionary contribution will be made to the Plan in the form of cash that is used for the purchase of Aqua America, Inc. common stock. The Company did not make any discretionary contributions for 2005 or 2004.

Employer Profit Sharing Contributions

The Company may, at its discretion, make a profit sharing contribution to the Plan to benefit all eligible employees as of the last date of the Plan year. The profit sharing contribution will be made in the form of cash. The Company made profit sharing contributions during 2005 and 2004 of \$370,593 and \$284,530, respectively.

Employer Performance Contributions

The Company may, at its discretion, make an employer performance contribution on behalf of eligible participants if certain established performance goals are achieved. Performance contributions are to be made to the Plan in the form of cash, Company stock, or any combination thereof. The Company did not make any performance contributions during 2005 and 2004.

VESTING

Each participant will always be 100% vested in their pre-tax contribution, after-tax contribution, rollover contribution and performance contribution accounts. Participants become 100% vested in their matching contribution account after three years of service and in their profit sharing contribution account after five years of service. A "year of service" for vesting purposes means each plan year (the calendar year) in which the participant is credited with 1,000 or more hours of service.

COMMON STOCK FUND

Matching contributions and discretionary contributions may be made in cash or invested in Aqua America, Inc. common stock. Participants who are 100% vested in this fund have an opportunity to elect that any dividends with respect to Aqua America, Inc. common stock held be paid in cash rather than being allocated to their account to be invested in additional shares of Aqua America, Inc. common stock.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

INVESTMENT OPTIONS

Participants can direct, at the time they enroll in the Plan, that their salary deferral and voluntary contributions be invested entirely in one of the funds offered by the Plan or divided among the funds. The Plan currently offers fourteen registered investment companies and one common/collective trust fund. Subject to compliance with applicable state and federal securities laws, the Plan also permits participants to acquire an interest in Aqua America, Inc. common stock. Participants may change their investment instructions and reinvest their contributions in a different fund or funds at any time.

PAYMENT OF BENEFITS

Distributions from the Plan are normally made shortly after the participant's retirement, death or disability. Prior to March 28, 2005, if the participant's account balance did not exceed \$5,000, the participant would receive a lump-sum distribution as soon as practicable following termination of employment. Effective March 28, 2005, the \$5,000 threshold was decreased to \$1,000. Withdrawals will be made in cash or shares of Aqua America, Inc. common stock, to the extent permitted by law. Under certain circumstances, a participant may withdraw all or a portion of the employee contributions while still employed.

LOANS DUE FROM PARTICIPANTS

Participants may borrow funds from their account balance equal to the lesser of \$50,000 or 50% of their vested account balance for a period not to exceed five years, unless the loan is used to purchase the participant's principal residence. Repayment is made through payroll deductions. All new loans are issued at an interest rate of prime plus 1%.

PLAN FORFEITURES

Forfeited non-vested accounts are used first to restore any non-vested amounts (if a participant received a distribution and forfeited his non-vested account and resumed employment as a covered employee and repays the full amount of the distribution) then shall be applied as promptly as practicable to reduce employer contributions. Contributions made by the Company are netted against forfeited, non-vested amounts that accumulate during the year. Employer contributions were reduced by \$-0- and \$1,778 during 2005 and 2004, respectively, as a result of forfeited nonvested accounts. The balance in the forfeiture account was \$15,599 and \$186 as of December 31, 2005 and 2004, respectively.

PLAN AMENDMENT OR TERMINATION

Although Aqua America, Inc. hopes to continue the Plan indefinitely, it reserves the right to amend or terminate the Plan at its discretion, subject to the provisions of ERISA. All interests of the participants would be distributed to them in accordance with applicable provisions of the Internal Revenue Code.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

BASIS OF ACCOUNTING

The accompanying financial statements have been prepared using the accrual basis.

USE OF ESTIMATES

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

ADMINISTRATION

The Plan is administered by a committee (the "Committee") consisting of three or more individuals selected by and who may be removed at any time by the Board of Directors of Aqua America, Inc. The Committee members may be employees of Aqua America, Inc. and may be participants in the Plan. The Committee members receive no compensation from the Plan for their services in such capacity. The Committee has extensive administrative powers in connection with the Plan, including authority to interpret the provisions of the Plan, to adopt rules for its administration and to make other decisions with respect to the Plan.

The trustee for the Plan's funds invests the funds as directed by the participants. The principal duties of the trustee are to receive all contributions made to the Plan and to make investments and pay benefits.

Substantially all of the administrative expenses of the Plan are paid by the Company.

INVESTMENT VALUATION

The Plan's investments are stated at fair value. Investments in registered investment companies are valued at quoted market prices which represents the net asset value of shares held by the Plan. Common/ collective trust funds are valued at unit value, which represents the fair value of the underlying assets. Therefore, the value of common/collective trust funds are deemed to be at estimated fair value. Aqua America, Inc. stock is valued at its quoted market price. Loans to participants and cash are valued at cost, which approximates fair value.

Investments of the Plan are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect investment assets reported in the statement of net assets available for benefits and the statements of changes in net assets available for benefits.

Dividend income is recorded on the ex-dividend date and interest income is recorded when earned. Realized gains and losses on the sale of the Aqua America, Inc. stock are based on average cost of the securities sold. Purchases and sales are recorded on a trade date basis.

PAYMENTS OF BENEFITS

Benefits are recorded when paid.
